NUMBER 96.

WARLIKE IN DENVER.

Military Authority the Only One Recognized.

FEDERAL SOLDIERS CALLED OUT

They Are Now Camped Around the City Hall Awaiting Further Developments. For Six Hours It Looked as if a Fierce Battle Would Take Place at Any Minute. A Conflict Almost Certain.

DENVER, March 16.—The national guard of Colorado is under arms, the federal troops from Fort Logan have been called out, and although martial law has not been officially proclaimed, there is no other recognized authority in Denver but the strong arm of the military.

This critical situation has been brought about by the determination of Governor Waite to oust the two members of the fire and police board, Jackson Orr and D. J. Martin, whom he removed for protecting gambling houses, and placed in office their successors, S. D. Barnes and Dennis Mullins. Messrs. Orr and Martin having obtained from the district court an injunction restraining Governor Waite from forcibly removing them, were determined to resist to the utmost. They accordingly kept the entire police force at the city hall all day under orders to resist the soldiers if attacked.

In addition, several hundred of the toughest citizens, many of whom have records as man-killers, were sworn in as deputies by Sheriff Burchinell and placed in the city hall as a reinforcement of the police department. Each deputy was armed with two 6-shooters, and instructed to use them in case of necessity. The police were armed with shotguns in addition to their clubs and revolvers.

The first regiment and the Chaffee Light artillery arrived at the city hall at 3 o'clock and General Brooks, commanding officer, delivered to Police Lieutenant Clay, in command outside of the city hall, a message to the effect that if the removed police commissioners did not vacate within half an hour the officers would be taken by force. Orr and Martin refused to surrender. Before the half hour expired, prominent citizens entered into negotiations with both parties to the controversy with a view to reaching a settlement by arbitration, and while the negotiations were in progress, a truce was declared.

The streets about the city hall were packed with an angry mob numbering many thousands.

"Hud one of my officers given an order to fire," said General Brooks, "he would have been riddled with bullets from the crowd and then I would have had to sweep both sides of the street with my Gatling cannon. However, the mob made no such act and there was no bloodshed."

On the governor's representation that the state militia would probably be inadequate to cope with the mob that had full possession of the city, General McCook called out the United States infantry from Fort Logan, 13 miles from here, to act in conjunction with the state and local authorities in clearing the streets and preserving the peace. The United States troops arrived about 8:30 p. m.

Adjutant General Tarsney, an old Indian fighter, placed the militia strategically in front of the city hall in Fourteenth street, with two Gatlings covering the two big Napoleons, loaded with grape and solid shot, trained on the city hall, and four companies of militia in front and around them to stand the crowd off.

From 3 p. m. until 9 p. m. the state troops were drawn up in line of battle, and the city hall forces were ready for action. The other city officials were prepared to vacate at a moment's notice. All overtures from the governor were rejected, and an American flag was hung from a window. This was cheered by the crowd. City officials and prominent citizens sought in vain for a compromise, and every hour or two the governor threatened to exterminate the city hall people in 30 minutes, but wiser counsel finally prevailed.

The fire department had lines of hose laid through the city hall to throw water on the besiegers. The firemen were armed. The surgical department was made ready to care for the wounded in case of a conflict.

Hon. T. M. Patterson appeared before the old police board when the situation seemed most critical, and appealed to the patriotism of the members, and urging the necessity for submitting all matters at issue to some fair-minded board.

Before he had finished, Messrs. Rogers, Shafroth and Hartzell, counsel for the governor's latest appointees, Mullins and Barnes, put in an appearance and presented a formal proposition on the part of their clients to submit the matters in controversy to a board of arbitration to be mutually agreed upon. This was exactly the proposition made by the old board earlier in the day, both by written agreement and verbally, which had been scouted. In view of these facts, Messrs. Martin and Orr replied that the matter would now have to take its due course in the courts, so far as they were concerned.

At 9 o'clock, or shortly after the arrival of the United States troops, Adjutant General Tarsney ordered the militia back to the armory, and presently the crowds that had been surging through the streets, began to dwindle and the excitement began to die out.

The United States troops are camped in front of the Union depot, where Sheriff Burchinell says he will try to keep them two or three days to prevent any possible outbreak. He has only 50 special deputies under arms, he says, and these are to patrol the streets in the absence of policemen.

Governor Waite last night issued the following proclamation: "All companies of the national guard of Colorado are hereby notified to be in readiness at the inspection armory to respond to call to come to Denver, which will be issued on Friday of this week."

The withdrawal of the state troops from the scene of action was the result of a conference between Governor Waite and Adjutant General Tarsney at which it was decided that it would be impossible to take the city hall with the force at hand without great and unnecessary loss of life. The governor has called all the troops of the state to Denver and tomorrow he will renew his attempt to install the new police commissioners in office.

General McCook will confer with the governor again and will then decide upon his line of action.

ECHOES OF THE WAR.

Latest Dispatches Detailing Events in Brazil.

RIO JANEIRO, March 16.—The time of the Americans, who shipped at New York on the cruiser Nithoroy ended Wednesday midnight. The men have come ashore and will probably return to the United States by the way of England.

Vessels have left for the south with reinforcements of troops. Fighting is reported there, and it is thought that it may last for months.

The government vessel Itaipu captured the rebel tug Santa Lúcia. The vessel was in the open sea when the capture was made.

Despite a contrary report Admiral Da Gama is on the Portuguese warship Mindello, on which he first took refuge. The ravages of yellow fever alarm everybody here. The number of deaths amount to 60 daily.

All sorts of rumors are in circulation. One of them is that the Aquidaua, one of the vessels seized by Admiral Meilo when he sought to set up a government on his own account, has been found abandoned in southern waters.

Government Garrison Surrenders.

BUENOS AYRES, March 16.—Advices from Sao Paulo are to the effect that the insurgents under General Saravia have captured the fortress at Itavaca. The garrison, numbering 3,000 men, has surrendered.

FIRE IN CHICAGO.

Seventy Thousand Dollars' Worth of Property Destroyed and Almost a Panic.

CHICAGO, March 16.—Fire broke out in the 4-story building, 48 to 54 Dearborn street, late yesterday evening, and in 15 minutes had ignited the adjoining building, the old Athenaeum, doing damage to buildings and contents of about \$70,000. Eugene Vallens & Company, tobacconists, are the principal losers, their loss being placed at \$50,000; partly insured.

The wind carried the fire to the rear of the Schiller theater building, doing damage estimated at \$10,000. The curtain had gone up for the last act when the auditorium became filled with smoke. The audience started for the street in somewhat of a panic, but Manager Pryor stepped to the footlights and succeeded in quieting the fears of the people. The audience was then quietly dismissed, as the dense smoke made it impossible to proceed with the performance.

Church Rebellion Again Broken Out.

CLEVELAND, March 16.—Again the rebellion among the Poles of St. Stanislaus Roman Catholic church has broken out. Bishop Horstmann and Mr. Sattoli refused to remove their priest, Rev. R. Rosinski, and it was thought that settled the matter. In answer to a letter from the papal legate refusing to receive a delegation of the protesting members, they have written him in a defiant strain, declaring that they will have the priest arrested and advising Sattoli to leave the United States if he has no authority to right wrongs. A movement is also on foot to form an independent church, for which purpose a meeting will be held on Sunday.

Famous Clubhouse Burned.

NEW ORLEANS, March 16.—The Pickwick club building at the corner of Canal and Carondelet streets, one of the finest and best known places in the south, was practically ruined by fire yesterday. The building is 10 years old, and cost \$130,000. It had been elaborately furnished at a cost of \$40,000. Loss on both building and furniture will be very heavy. Many valuable paintings and much fine statuary was saved. There was \$34,000 of insurance on the furniture and \$100,000 on the building. Surrounding buildings were slightly damaged.

Probable Murder.

MANCHESTER, O., March 16.—It is probable that a murder has been committed at Plymouth, a small town north of here. The body of Ephraim Buckman was found Wednesday night lying on the Pittsburgh and Akron railroad track. Buckman was in Plymouth that night and became intoxicated. He had quite a sum of money on his person when he started home. As no money was found on the dead body it is supposed that he was waylaid and robbed and the body thrown on the track. Officers are investigating.

Lost Articles at the World's Fair Sold.

CHICAGO, March 16.—False teeth sold at 1 cent per set, gold watches at \$3.50 each and sealskin sacques at 42 1-2 cents apiece at the sale of unidentified property held by the lost-and-found department of the world's fair yesterday. Other lost goods were sold at equally low prices and not over \$500 was realized by the exposition company. The Columbian guards are indignant over the sale, claiming that the fair officials had promised that unclaimed property should go to the guards who found it.

HAWAIIAN REPUBLIC.

One Will Soon Be Declared at Honolulu.

AN ELECTION WILL BE HELD.

Delegates Will Be Selected to Attend a Constitutional Convention Which Will Be Held in May and Then a New Form of Government Will Be Declared—News by the Steamer Mariposa.

SAN FRANCISCO, March 16.—The steamer Mariposa has arrived from Honolulu. The Mariposa brought the following dispatch from Honolulu, dated March 8:

At a meeting of the councils held this afternoon, a bill was presented providing for the calling of a constitutional convention. The bill provides that the convention shall be held at the call of the president and shall consist of the executive and advisory councils, and 18 elected delegates, six of whom shall be chosen from the island of Oahu, five from the island of Hawaii, four from the islands of Maui, Molokai and Lanai, and three from the islands of Kauai and Niihau.

Every male resident of the islands of Hawaii, American or European birth or parentage, 20 years of age, who has taken the oath provided by the act, and who is not disfranchised by unpardoned felony, nonpayment of taxes, or residence on the islands of less than one year, is entitled by the bill to vote for the delegates. Registration is required and the enrollment of voters is to be posted and published previous to the election.

The form of oath required is as follows: "I do solemnly swear, in the presence of Almighty God, that I will support and bear true allegiance to the provisional government of the Hawaiian Islands, and will oppose any attempt to restore Liliuokalani to the throne, or to establish a monarchical government in any form in the Hawaiian Islands."

The bill making the convention consist of 18 members besides the 18 of the councils, practically gives the present councils the controlling voice of the convention. The election of delegates will take place in May, and as soon as a constitution is adopted, a republic will be proclaimed. The new constitution is already being drawn up by the executive council, but its contents will be strictly guarded until after the meeting of the convention.

Advisory Council Election.

The election of new members of the advisory council took place at the meeting of councils this afternoon. T. B. Smith, candidate of the American league, was defeated at the last meeting, but he was again nominated. If he was elected it was said the league and Union party would probably amalgamate. In the event of his non-election it was understood that the league would decline to recognize the party and a split would be made in the annexation ranks. The councils elected Smith, the league candidate, by a vote of 14 to 3.

A communication was received, signed by about 20 of the most prominent members of the annexation party, recommending his election on the ground of preventing any split in the party. Smith has stated that he has withdrawn his oath to the American league, and goes into the councils bound to no secret organization. It was only on these grounds that he could have been elected.

Plantation Labor Dispute.

The question of plantation labor will cause much trouble for the government if it is not satisfactorily settled. Two factions of the new Union party are making it a cause for dispute, and the outlook now is that a serious breach will be affected. The planters claim that they can not afford to hire white labor at the present price of sugar, while the radical element insists that no more Asiatics be admitted.

R. W. Irwin, the Hawaiian minister resident at Tokio, left for Japan on the Oceanic, for the purpose of negotiating for the shipment of 1,500 Japanese. The plantations were never before in such straits for labor. They are nearly all short-handed, and the contracts of several thousand coolies will expire in a few months. Two agents leave by today's steamer for the United States to sign Portuguese for plantation service.

Barkentine Hilo a Total Wreck.

The barkentine Hilo, which went ashore on the Hawaiian coast, is still on the rocks and will be a total wreck. It is not expected that any of her cargo can be saved.

SHEBATO SAITO.

First Japanese to Make Application for Naturalization Papers.

BOSTON, March 16.—For the first time in the history of the United States a Japanese applied for naturalization papers. His name is Shebato Saito, 29, and he has filed his application papers with Clerk Bradley of the United States circuit court. Judge Colt has refused to act on the application until March 22.

The application filed by Mr. Saito states that he is employed as an agent in Boston and that he has been in this country since 1880. He is a graduate of the state school of South Carolina, and the Washington academy in Maine and also attended the Georgetown university at Washington. He married an American woman.

One Drowned, the Other Saved.

NEVADA, Mo., March 16.—Frederick Young, aged 27, was drowned yesterday while crossing the Marmaton river, at Canton's Ford. His companion, Jack Hubert, clung onto the top of the buggy, which was in 12 feet of water, and was saved by a rope thrown to him from the shore.

THE RUSSIAN THISTLE.

It Has Already Become a Great Nuisance in This Country.

WASHINGTON, March 16.—Assistant Secretary Dabney of the department of agriculture has sent to Chairman Hatch of the house committee on agriculture a copy of the latest report on the Russian thistle submitted by the division of botany of the department. The report was made by L. H. Dewey, in communicating it to Mr. Hatch, Mr. Dabney says that "with regard to the further investigation of this subject I think you will find that after the thorough work has been done upon it, extending over several years and embodied in two reports, little more remains to be done. We may safely rely upon an enlightened selfishness in the various states to do all that remains to be done."

The report notes that the Russian thistle made its appearance in this country a few years ago in the wheat raising region of the northwest. The damage already done by it is estimated at several millions of dollars and the thistle is rapidly spreading over new territory and being more destructive in the region already infested.

Complaints about the plant were first received by the department of agriculture during the fall of 1891, and during the dry season of 1893 the weed reached unusual development, and the farmers became thoroughly alarmed at the situation. A single plant of average size, 2 to 3 feet in diameter and weighing 2 to 4 pounds when dry, bears about 20,000 to 30,000 seeds. Plants have been found 6 feet in diameter and estimated to bear 200,000 seeds.

Altogether there is one almost continuous area of about 40,000 square miles which has become more or less covered with the Russian thistle in the comparative brief period of 20 years. There are many isolated localities where the weed flourishes. The rapidity with which the Russian thistle has spread far exceeds that of any weed known in America. The most active mode of distribution of the Russian thistle and one furnished by nature is the wind, and flaxseed continues to be, in the absence of good fanning mills, the chief artificial agent of distribution. Railroads form a third and most important means of transportation for the seeds over long distances. There is good evidence that the railroads have carried them in the bedding of stock cars. These cars are sent to the stockyards at Indianapolis, Chicago and Sioux City and unloaded, but they are seldom cleaned until they are again sent out and have reached their destination to be re-loaded.

The plant is an annual, easily killed at any time during the growing season. It produces no seed before the middle of August or first of September, and the seed is short lived. It therefore offers exceptionally good opportunity for being checked or even exterminated. For any effective measures, however, there must be concerted action throughout all the infested area. Sheep are very fond of the Russian thistle until it becomes too coarse and weedy. By pasturing on the young plants they may be kept down and the only known valuable quality of the plant utilized.

All the remedies given, the report says, are directed to destroy the plant before they produce seed, and these are the only remedies so far as known which are effectual or of which there should be any need, except care in cleaning seed. It has been suggested that each farmer whose land is not fenced, make a temporary fence by planting a double row of sunflowers about his farm in each season. The cost would be slight, and the fence thus made would doubtless aid very much in the fight, unless the sunflowers so abundantly produced should become troublesome weeds. The building of wire fences to stop the rolling plants is a remedy strongly advocated by some. Under no condition whatever should the cheaper grade of seeds be sown without re-cleaning.

OUR BRANDY AND WINE.

Germany Will Receive the Largest Shipment Ever Made.

SAN FRANCISCO, March 16.—The German bark J. C. Pfleger left here last night with the largest shipment of brandy ever made from any port in the United States. The shipment consists of 163,454 gallons of California brandy in barrels at an estimated wholesale value of \$91,997.

It is expected that the retail price will be about three times that amount. There was also included in the cargo 25 barrels of selected Riesling and 200 barrels of red wine. As the Riesling is intended to compete with the hocks and other white wines produced by the vineyards flanking the Rhine there is a great deal of comment among wine men here, as well as discussion and speculation; 103 barrels of port wine are also in the cargo to compete with the ports of Spain and Portugal.

The brandy exportation marks the rapid growth of an established foreign (especially German) market for the California product. The wine shipments mark an entry into an important foreign market. It is worthy of special mention that 400 barrels of the brandy go to the German army for use in the hospitals, the German army having used California brandy almost exclusively for two years. In striking contrast is the practice of the United States army hospital service, which finds California brandy not good enough and patronizes France.

Nonunion Sailors Mobbed.

LOS ANGELES, March 16.—A mob of 12 masked men attacked four nonunion sailors at midnight last night, at San Pedro, and beat them most cruelly with clubs. One man was so badly injured that he will not recover. His head was horribly crushed. He is an Italian named Dezare. The other three men were covered with bruises. The matter created the greatest excitement, and if any of the desperate crowd are caught they will be roughly handled.

BLAND'S BILL PASSED

Seigniorage in the Treasury to Be Coined.

BOTH HOUSES HAVE SAID SO.

The Senate Passes the Bill by a Vote of Forty-Four Yeas to Nine Nays. Proceedings of the House and Senate. Mr. Wright's Confirmation Officially Announced.

WASHINGTON, March 16.—The last day of the debate on the Bland seigniorage bill attracted a large crowd to the senate and the galleries were well filled. The first part of the day was taken up by the transaction of some routine morning business and by the speeches of Senators Carey, Palmer, Dubois, Mitchell of Oregon and Pettigrew.

At 2 o'clock Senator Harris asked that the bill be put upon its final passage in accordance with the agreement arrived at several days ago. The yeas and nays being demanded, the bill was passed by a vote of 44 to 31.

The following is the detailed vote:

Yeas—Allen, Bate, Berry, Blackburn, Blanchard, Butler, Call, Cockrell, Coke, Colquitt, Daniel, Dubois, Faulkner, George, Gordon, Hansbrough, Harris, Hutton, Irby, Jones of Arkansas, Kyle, Lindsey, McLaurin, Martin, Mills, Mitchell of Oregon, Morgan, Pasco, Peffer, Perkins, Pettigrew, Power, Pugh, Quay, Ransom, Roach, Shoup, Stewart, Teller, Turpie, Vest, Voorhees, White, Wolcott—Total 44.

Nays—Aldrich, Allison, Brice, Caffery, Carey, Chandler, Cullum, Davis, Dolph, Frye, Gallinger, Gibbs, Gorham, Hale, Hawley, Higgins, Lodge, McMillan, McPherson, Manderson, Mitchell of Wisconsin, Morrill, Murphy, Palmer, Platt, Proctor, Smith, Stockbridge, Vilas, Washburn, Wilson—Total 31.

The pairs were: Camden for, with Gray against; Hill for, with Dixon against; Jones of Nevada for, with Hoar against; Vance for, with Sherman against.

Senators Squire and Cameron did not vote. On Wednesday Squire voted in favor of the bill and Cameron was paired in its favor.

The senate also passed several bills of minor importance, and at 2:45 went into executive session and passed upon a large number of nominations.

Seigniorage is the amount the government exacts for coining bullion. When the government buys silver it does not pay the full, or coin, value for it. There is now in the treasury \$55,000,000 in bullion, all profit to the government in the purchase of silver under the Sherman act, lately repealed. This will now be coined—should the bill not be vetoed—and become a part of the coin circulation of the country.

House Proceedings.

WASHINGTON, March 16.—In the house Mr. Black (Dem., Ill.) asked unanimous consent to consider a bill to authorize managers of soldiers' homes to employ medical officers other than soldiers disabled in the service, as the law now requires. Surgeons disabled 30 years ago, Mr. Black said, were not the men now to wait upon a camp of invalids. They now need attendance themselves.

Mr. Stone of Pennsylvania and Mr. Cannon of Illinois objected and the bill went over.

The bill to ratify the reservation of certain lands in Oklahoma for the agriculture college passed.

Consideration of the sundry civil bill was then resumed, but no action was taken, and at 4:30 the house adjourned.

Wright Confirmed.

WASHINGTON, March 16.—The senate in executive session authorized the notification of the president of the confirmation of J. Marshall Wright to be naval officer at Philadelphia. The Pennsylvania senators decided that they would not make any fight against him and other senators concluded that on this account they would not follow up the inquiry into the allegation that at the time of President Lincoln's assassination he had expressed satisfaction at the tragic event.

Strange Dream Proves True.

BRAZIL, Ind., March 16.—One week ago Mrs. Fred Kelly suddenly and mysteriously disappeared from her home in this city, greatly alarming her husband and friends. Today she returned. She relates a strange story. On the day she disappeared, after her husband had gone to his work, she laid down for a nap and she dreamed that her mother had died at her home in Gloster, O. The dream was so vivid and it impressed her so strongly that she took all the money there was in the house and started to her mother's home. When she arrived she found that her mother was dead, she having died precisely at the moment of her dream.

Liquor Dealers Will Fight.

INDIANAPOLIS, March 16.—The organized liquor dealers of the state will fight the case of Haggard vs. Stahlin, which the supreme court Wednesday declined to reconsider and allowed its former decision to stand, which awards damages to Mrs. Haggard, because Stahlin established a saloon near her property. The court held, in effect, that a suit for damages is proper when contiguous or near-by property is depreciated by the establishment of a saloon. It is given out that the liquor men will contribute \$50,000 to contest the decision and bring about a reversal.

Pensacola, Fla., March 16.—A bottle

was picked up near Santa Rosa island yesterday containing a small piece of paper, apparently torn from a notebook, upon which was written with a pencil, "Spring a leak and will go down in half an hour. Ten miles west of Havana, ship Santa Marie, March 1, '94."

Jailer,

R. C. KIRK.

Generally fair weather; west winds.

When Br'er Davis explains the thousands of reductions of wages and the thousands of failures under Republican administrations of late years, then his "howling" against Democrats may do his party some good.

The attention of the Ledger and his fellow-croakers is called to the fact that the Johnstown steel works has resumed operation giving employment to 2,000 men. The croakers will soon have to retire until the next Republican administration.

Here's an item the Ledger's "howler" will skip. The industrial situation in the Pittsburgh district is improving steadily. About 75 per cent. of the operatives are at work in the Pittsburgh mills, and comparatively few of the unemployed are dependent upon charity.

If Hon. R. K. Hart wants to win the Congressional race he ought to call in that old which the Carlisle Mercury and some other papers have published of him. The Mercury says it's a fair picture of Fleming's favorite son, but we fail to see any resemblance whatever. The Covington Post is the only paper that has yet published a good picture of Mr. Hart.

The Wilson bill has had a depressing effect on sheep raising in Kentucky. Commissioner of Agriculture, N. McDowell, of this State, in his report of this month says: "There seems to be a very marked decline in the price of all kinds of sheep, especially in breeding ewes. Since January, 1893, the decline is estimated at 35 per cent."—Greenup Gazette.

This is a sample of some of the "rot" some Republican editors are dishing out to their readers nowadays. The Wilson bill has been pending only a few months, but the Gazette editor says it has caused a decline that is reckoned back to January, 1893.

BRER DAVIS OWNS UP.

Br'er Marsh makes much ado over the failures that occurred between the years 1881-86, under Republican rule, and fairly raves over 10,673 failures in 1890, under the McKinley law. Well, as he wants us to tell him what caused these disasters, we will admit that they were caused by Republican rule. * * *—Public Ledger.

"Honest confession is good for the soul." The cause of the thousands of strikes against reductions of wages during the periods referred is what we have been so anxious to ascertain, and we suppose the Ledger's candid admission includes them also.

The Ledger wants us to tell now—What has thrown 2,000,000 working men out of employment since Cleveland was inaugurated one year ago?

What has caused the depreciation of \$3,000,000,000—yes, these are the figures, three billions of dollars,—in the value of stocks and commodities?

To be candid our honest opinion is that the great causes of all this trouble are the bad laws passed by the Republicans during Harrison's administration, and the recklessness and the profligacy that characterized the last Republican Congress. In the language of the New York World:

Every mill that is closed was shut up under the operation of the McKinley 50 per cent. tariff. Every workman that is unemployed is idle under the law that was framed ostensibly to "protect" him. Every dollar of increase in the public debt represents a dollar of the Republican deficiency. Every lack in the treasury is due to the Republican law which cut revenue by raising taxes. Every expedient to obtain gold to maintain the public credit is the necessary result of the net loss of gold to the country during the Republican administration of over \$122,000,000. Every deficiency increasing payment from the public treasury bears the sign manual of a Republican President.

R. T. Peon, a well-known railroad man, was badly mangled under a C. and O. train at Stone City Wednesday. He is a brother of Judge S. J. Pugh, of Vanceburg.

THE HUSBAND AND WIFE BILL.

One of the Most Important Measures Passed by the Late Legislature.

The husband and wife bill which now only awaits the Governor's signature to become a law is of more importance than any other measure which passed during the term of the General Assembly just closed, says a special.

Its friends claim that it secures to married women what should be their natural right in controlling their own estates, and that it is eminently just in providing for equal distribution after death. Its enemies, however, predict the most direful results from its passage.

Its main features are the law in England and in twenty-nine States of the American Union. New York in the North and Georgia in the South were among the earliest States to set aside the common rules of coverture and replace them with statutes that recognize the separate identity of the woman.

The originator of the bill that has just passed the General Assembly is Judge W. M. Beckner, the member of the House from Clark, formerly a citizen of Mason.

Mutual Life Insurance Company's Wonderful Business.

The business of The Mutual Life Insurance Company, of New York, for the year 1893, shows a marked increase compared with the financial exhibit made during any prior year. The reader can form an idea of the vast operations of this company by noting this statement for 1893, as compared with that of 1892:

Increase in payment to policy-holders.....	\$1,498,929 91
Increase in receipts.....	1,714,379 71
Increase in surplus.....	2,781,354 97
Increase in assets.....	11,623,523 43

This may be considered a wonderful result, for it was accomplished during a period of wide financial disaster and general business depression. See statement elsewhere.

Matt Adams Gets the Pension Agency.

The President settled the contest for the Pension Agency for Kentucky by appointing Captain George M. Adams. Mr. Adams is more familiarly known as Matt Adams. He served with credit two terms in Congress and a like period as a Clerk of the United States House of Representatives, where he made many friends. The appointment is credited to the influence of Senator Lindsay.

Congressman Paynter made a strong light for Hon. Jay H. Northrup, and it was thought at one time he would win.

Electric Bitters

This remedy is becoming so well known and so popular as to need no special mention. All who have used Electric Bitters sing the same song of praise—a purer medicine does not exist and it is guaranteed to do all that is claimed. Electric Bitters will cure all diseases of the liver and kidneys, will remove pimples, boils, salt rheum and other affections caused by impure blood. Will drive malaria from the system and prevent as well as cure all malarial fevers. For cure of headache, constipation and indigestion try Electric Bitters. Entire satisfaction guaranteed, or money refunded. Price 50c. and \$1 per bottle at J. J. Wood's drug store.

Leaders of Low Prices

Attention is called to the Misfit Clothing Parlor's advertisement. Greenstein & Co., leaders of low prices, have a large stock of bright, new, stylish, spring clothing for boys and men. All the leading styles and the very best make, and their prices are low as the lowest. You are specially invited to call and see their stock. Remember the place, 128 Market street.

Drowned Himself.

Near Richland school house Walter Wallingford committed suicide last Monday night by drowning himself in a pond on the farm of Mrs. M. P. Davis. It is claimed he tied his hands and feet and rolled into the water.

Deceased was a brother of Mr. W. H. Wallingford, of this city, and leaves a wife and several grown children.

Property For Sale.

I will sell privately the home place of the late John McCarthy, on the south side of the Germantown pike, just outside the city limits. A good frame house and never-failing spring on the place. The lot fronts 100 feet and 8 inches, and extends back the same width 105 feet. Will be sold cheap. Apply to M. J. McCarthy, this office.

Advance Sale For the Home Minstrels

It will open at Nelson's Monday morning, March 19th, at 9 o'clock. Parquette 50, dress circle 50, balcony 35, gallery 25. You had better be there early Monday if you wish to attend the performance on Wednesday evening, March 21st.

Shoe Factories Pay.

The Gazette of Georgetown, O., says Aaron A. Brown who has been running a shoe factory at Bethel of late years has made about \$40,000, and contemplates retiring from business next February.

Onion sets at Chenoweth's drug store.

The Old Friend

And the best friend that never fails you is Simmons Liver Regulator, (the Red Z)—that's what you hear at the mention of this excellent Liver medicine, and people should not be persuaded that anything else will do.

It is the King of Liver Medicines; is better than pills, and takes the place of Quinine and Calomel. It acts directly on the Liver, Kidney and Bowels and gives new life to the whole system. This is the medicine you want. Sold by all Druggists in Liquid, or in Powder to be taken dry or made into a tea.

Has the Z-Monip in red on wrapper J. H. ZEILIN & CO., Philadelphia, Pa.

IMPORTANT RULING.

A Fraud May Consist in the Suppression of What is True.

The State of Richmond, Va., says: "The decision of the Court of Appeals as to land companies will cause some of the promoters to gnash their teeth. There is no doubt of the fact that hundreds of people were slyly inveigled into land companies by representing that the subscriber was getting in on the 'ground floor,' when there was a son-of-a-gun in the cellar."

"The rule is that one who is fraudulently induced by an agent of a corporation—and a promoter is an agent—to subscribe to its capital stock, may, at his option, repudiate the contract, and that a fraud may consist as well in the suppression of what is true as in the representation of what is false."

As Sam Sees Us.

Augusta Reporter: "We notice quite an improvement in Maysville since our last visit there some years ago. George Rosser is much purtier than he was, while Editor Marsh is younger, and Col. Davis, of the Ledger, don't look like the Wilson bill worries him half as bad as he lets on. The gay old city has put off the hoss cars and hitched on electricity. She has laid aside her plow shoes and donned the patent leather and looks as bright and chipper as a pretty girl with a new 'muslin delaine' dress. She is built up on a rock—and up against one."

Information Wanted of the Hawkins Family.

John Hawkins, who died in Scott County, Kentucky, in 1805, had a son John who married Joanna Harrison, of Mason County. Of their children, Sally married Thomas Stevens, Nancy married Ben Moore. Information is wanted from any descendants concerning any family history in their possession. Address General John P. Hawkins, Washington, D. C.

River News.

The Enos Taylor was to make her trial trip yesterday at Portsmouth. She is expected down to-morrow, if all worked well.

The statement yesterday that the City of Madison had succeeded the St. Lawrence was premature. The latter packet is still in the Cincinnati and Manchester trade.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale at J. James Wood's.

Notice to Singers.

All singers from the different churches are requested to meet in the Baptist Church this evening at 7:30.

IT DOESN'T LOOK LIKE

Calamity times when

EL RACIMO CIGARS,

The Acme of Perfection, are sold for

5 Cents.

E. R. WEBSTER & CO., Cincinnati.

D. HUNT & SON,

Have opened for Spring an unrivaled line of Rich, Imported

Dress Goods and Silks

Handsome MOIRES, in all leading shades, the latest novelty for trimming; also the fashionable Silk and Wool Insertions so extensively used in the East. In our Dress Goods department we're selling

\$12.00	Dress Patterns of Fancy Granite Cloth, magnificent assortment of latest Spring shades, for	\$8.50
\$10.00	Dress Patterns of French Imperial Twill, in an endless array of colorings, for	\$7.50
\$ 8.00	Dress Patterns of Alligator and Crocodile weaves, a Spring novelty, for	\$6.00
\$ 6.50	Dress Patterns of Scotch Cheviot, in illuminated mixtures, for	\$4.25

Among our SPRING WRAPS, just opened, you will find the new TUXEDO, which promises to be the accepted model this summer. In CAPES we have all the approved shapes, with Moire Trimmings, Insertion Trimmings and Accordion Plaited, in prices ranging from \$2.50 up. The above prices are not to mislead the trade, as we furnish EXACTLY WHAT WE ADVERTISE.

Wonderful

Has been the rush ever since the adoption by me of the popular special CUT PRICE SYSTEM on first-class goods to cash buyers. Every one who has bought is more than pleased—they are delighted. Cut the list out and keep it before you, as you can still get any of the goods at same prices, and in the meantime keep your business eye on this space, as it will in a few days contain more.

Startling News

So when it comes you will be prepared to take advantage of it. Remember my stock is the largest, best-selected and cleanest in town. I buy in large quantities for cash, get lowest prices and advantage of all discounts. I handle no inferior goods, and guarantee every article I sell to be just as represented.

My house is headquarters for Garden Seeds, Onion Sets and Seed Potatoes.

R. B. LOVEL,

LEADING GROCER.

Administrator's Sale

As administrator of Mary Davis, deceased, I will, on

Thursday, March 22nd,

1894, sell on the farm of Captain James Davis, two miles south of Lewisburg, on Mill Creek, the following Stock, Farm Implements, Household Goods, &c.: One Bay Horse, one Bay Mare, one Gray Mare, one yearling Colt, three work Mules, two Milch Cows, one Grain Drill, one McCormick Mower, one Binder, one Hay Rake, one Buggy and Harness, lot of Bed and Bedding, Chairs, one Lounge, Carpets, &c.; also one four-year-old Brown Stallion, about sixteen hands high, sired by the noted stallion Vasco, sire of Ed. Rosewater 2:16½, Bill Lindsay 2:18½, Valissa 2:19 at three years old, &c. Dan by Forrest Chief, full brother of Harrison Chief, sire of six in 2:30 list, sired by Clark Chief, sire of dam of Martha Wilkes, &c.; second dam a thoroughbred. This colt is very handsome, stylish and could speed 3:00 in breaking. His dam produced Miss Davis, three years old (fifth heat in 2:48½), the best three-year-old ever bred in Mason County. His colts are very handsome, good size, color and stylish. Sale will be on the following terms: All sums of \$10 and under cash; all over that amount six months credit. Good security required. Sale will take place at 1 o'clock p. m. JOHN W. ALEXANDER, Adm'r. WM. WELLS, Auctioneer. 1741t

Corner of Second and Sutton Streets.

THE HOME MINSTRELS.

Maysville's Amateur Talent Will Give an Entertainment Next Wednesday Night.

Next Wednesday evening the following amateur minstrel talent will give a performance at the opera house that will no doubt be a credit to any traveling minstrel company: End men, William N. Stockton, Charles J. Trapp, Charles W. Riffe, Harry Holmes. The members of the two quartettes are Ray, Chunn, Worrick, Nolin, Martin, Bissett, Barbour, Jr., and McMullen. The eight solo artists are Henry W. Ray, Dave McMullen, J. Reed Chunn, Robert J. Bissett, Stanley Nolin, William N. Stockton, Charles J. Trapp, Charles W. Riffe.

The four specialty artists are Len Purnell, Charles Hasson, Jerome Hasson, William N. Stockton. The musical artists are F. Stanley Watson, J. Reed Chunn, J. Barbour, Jr., William Austin, Harry Sulser. Female impersonator, Harry Sulser. E. L. Kinneman, inter-locutor. The Maysville Orchestra will furnish music.

The above talent will undoubtedly give a minstrel performance that will please the packed house which they are sure to have.

And don't forget the cake walk.

SMART DOG.

He Was Too Fat to Run, But Then He Caught the Rabbit All the Same.

Danville Advocate: "Dr. H. M. Marsh, who has just returned from a visit to Mason County, brings home with him a dog story properly certified to with notary's seal attached. On a certain farm there was a pack of hounds and a companionless bull dog that was very fat and indolent. The hounds passed their time chasing a smart buck rabbit that had always eluded them by running into a large hole in a hollow tree. The bull dog watched the sport with an envious eye, his obesity being a bar to his active participation in the hunt. But his brain was at work and he at last hit a scheme upon to catch that rabbit.

"One morning the hounds caught the rabbit away from his lair and the chase began. The bull dog went at once to the hollow tree, entered the opening, crouched upon his all fours, and with his mouth open awaited the appearance of the rabbit. Directly the pack of hounds got too close for his harassment and he broke for the tree. Arriving there, he made one leap and landed right in the bull dog's powerful jaws. And lo, he was devoured."

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had consumption and that there was no hope for her, but two bottles Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida street, San Francisco, suffered from a dreadful cold, approaching consumption, tried without results everything else, then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in coughs and colds. Free trial bottle at J. Jas. Wood's drug store. Regular size 50c. and \$1.

Biff! Bang! Ouch!

Dover News: "Constable Sam Nowers and W. B. McMillan became involved in a set-to in the east end of town over the running of a line fence on the south side of the railroad. After some forcible language and personal vituperation McMillan hit Nowers on the head with a rock, knocking him down. Nowers pulled his pistol as he arose, and McMillan retreated in good order, and the scrap ended. Mayor Wilson fined Nowers \$3 and costs and Squire Earnshaw placed him under \$200 bond to appear at Circuit Court for carrying concealed weapons."

A Word to Merchants.

Merchants who contemplate doing any advertising in the BULLETIN should not delay making contracts. The choice positions "top of column," "along side of reading," &c. &c., are being engaged. In the past few days several new contracts have been closed, most of them to run for a year. First come, first served.

Straus Heard From.

Straus, the smooth-tongued rascal who swindled several Maysvillians a year or so ago, has been heard from. He was at Goshen, Ind., recently where he worked the identical scheme he did in this city. Of course he is sailing under another name. His Goshen victims are now anxious to locate him.

The Kentucky Union Railroad was sold this week to Kennedy, Tod & Co., for \$1,000,000.

GEO. W. SULSER, law, fire insurance.

TORNADO policies—W. R. Warder, agt.

MAKE no mistake—buy Landreth's seeds.

THE L. and N. pay train spent the night here.

MRS. SUE O. EMMONS, of Flemingsburg, has been granted a pension.

MR. GEORGE SULLIVAN, of this city, has been granted a re-issue of pension.

FIRE, cyclone and tobacco in barns, insured in reliable companies by D. M. Runyon.

THE family of Mr. C. B. Pearce, Jr., have taken up their residence in Covington.

SUNDAY, March 18th, will be the general communion day of the Sodality of B. V. M.

THE late Legislature appropriated \$176,500 for improving the various asylums of the State.

HON. JAMES BARBOUR and wife will celebrate their golden wedding Monday, March 26th.

THE two medical colleges of Louisville turned out about 400 young doctors the past month.

THE late Bath County grand jury returned forty-three indictments—all for misdemeanors, save two.

THE town of Crab Orchard voted on prohibition last Saturday. The "drys" won by fifty-six majority.

THE mother of Roby McCall died this week at Zanesville, O. Her death leaves him without any living relative.

MRS. EMBELINE EVANS, wife of Rev. S. T. Evans, of Dover, fell and dislocated one of her shoulders a few days ago.

AT Paris, Sam Jackson and Tom Cage were acquitted of the charge of dynamiting Houston Kelly and Eliza Dent.

MR. AND MRS. SAMUEL ANDERSON, of Flemingsburg, will have been married sixty years next Tuesday, March 20th.

MR. A. C. RESPESS and family are moving into the residence on West Third street, lately vacated by Mr. Thomas Hopper.

AT Vanceburg, Miss Cora Thomas was fined \$5 for throwing rocks at Dr. Brown. The difficulty grew out of a quarrel among some children.

JOSEPH LEE, of Lewisburg, was painfully injured one day this week by being thrown from a horse. He is a nephew of Mr. J. Wesley Lee, the clothier.

FANCY ripe bananas at 10c. per dozen; fine Florida oranges 12c. a dozen; choice lemons 15c. a dozen, on Saturday only.

R. B. LOVELL.

LANDRETH'S garden seed are the best in the market. Thousands will testify to this. Have stood the test for years. For sale only at Chenoweth's drug store.

JOHN W. FARIS and Mrs. Emma B. Yazell were married in Fleming this week. The bride is only twenty years old, but this is her second matrimonial venture.

L. W. GILLILAND, formerly of Ripley, was found dead in the alley in the rear of the Gibson House, Cincinnati, yesterday morning at 1 o'clock. He had committed suicide by cutting his throat.

THE silver coffee or tea urn in Ballenger's window is a beauty and is the very best quality, and is actually cheap at \$25. It will be reduced \$1 every day it remains in window till sold. Price to-day, \$19.

LIMESTONE LODGE No. 36, K. of P.—Regular meeting to-night at 7:30. Work in Esquire Rank. A full attendance desired. GEORGE H. MARTIN, C. C.

JOHN L. CHAMBERLAIN, K. of R. and S.

REV. WM. M. GRUBBS, for fifty years an active minister of the Methodist Church, being at different times a member of the Kentucky Conference, Illinois Conference and the Southeast Indiana Conference, died in Russellville, Ky., this week, in the seventy-ninth year of his age.

HAVING sold our meat store on Market street to Messrs. Clinger & Pollitt, all persons knowing themselves indebted to us will please call at the old stand and settle. Persons having claims against us will present same for payment.

W. A. WOOD & BRO.

FRANKFORT Capital: "The newest unofficial but authoritative announcement, is that of Hon. Charles B. Poyntz, of Maysville, who will be a candidate to succeed himself as Railroad Commissioner. Mr. Poyntz is one of the strongest men in several senses in his section and while his district is a big one, composed of about forty-eight counties, his nomination in a district convention is well nigh a forgone conclusion."

THAT MEDICINE FAKIR.

He Worked Carlisle This Week, and Will Probably Strike Maysville Soon.

Carlisle Mercury: "If you had been near the patent medicine man Monday you would have felt satisfied that the hard times were over, for he took in money with both hands, and for an article that was hardly worth the paper it was wrapped in. We were astonished to see what you term 'good citizens' crowding up to his carriage to deposit their dollars, when if their wife had wanted a calico dress or the babe a new pair of shoes, they would have said, 'times are too hard, I can't spare the money'; or if they owed you a couple of dollars for work or groceries, 'that they did not have it, but would in a few days.' It does seem strange to us to see how people with good common sense will bite at such things, when they have been 'done up' time and again. Now, that man paid \$10 for the privilege of selling on the streets for one day, and took in over \$200, a clear profit to him of \$180, and if these same men would go to the drug store to buy a bottle of patent medicine on which the druggist makes 25 cents, they kick themselves tired, and then want credit for twelve months before they pay it."

SOMETHING NEW

In Veterinary Surgery—A Dog Now Carries a Silver Plate in His Skull.

A novel operation in veterinary surgery was performed one day this week. Some months ago a valuable shepherd dog belonging to Esquire J. M. Alexander, of Lewisburg, was kicked by a mule, and the bones of his head were so badly broken that when the wound was healed the dog's general conduct demonstrated that his intelligence was greatly impaired.

On last Tuesday Dr. Thomas James, veterinary surgeon of this city, aided by several physicians also of this city, trephined the injured part, enlarged the opening with forceps and gouges until the depressed position of the skull was sufficiently raised. The diseased bone was taken out, and a silver plate inserted. The dog has so far recovered that he eats heartily, and is greatly improved.

The diagnosis of the case and the subsequent operation reflect great credit upon the judgment and skill of Dr. James.

MR. S. L. FRISTOE has removed from Charleston Bottom to Aberdeen.

FOR a good smoke, the "La Rosetta," "Key West," also "The Queen of the Turf," the famous "Nancy Hanks" cigars. G. W. CHILDS.

STATE TREASURER HALE has authorized the statement that he will be a candidate for Secretary of State before the next State convention. Under the Constitution he is ineligible to the office of Treasurer again.

THE C. and O. has the contract of carrying three million bushels of wheat from Chicago to the seaboard, says the Portsmouth Tribune. As a result the freight crews are being worked to the limit of endurance.

JOHN W. JAMESON, who formerly resided at Dover, went crazy on religion at his home near Wamsley, Adams County, a few days ago, and is now in the asylum at Athens, O. His wife was Miss Sallie Bryant, of Dover.

THE new canning factory which will shortly start at Lexington will give employment to several hundred men, as it is proposed to make the capacity 50,000 cans per day of ten hours. Many farmers and gardeners are contracting to furnish the company vegetables by the acre.

THE handsomest line of clocks ever shown in Maysville, the lowest prices ever offered and quality never excelled. I have just received a new stock of onyx, iron, bronze and wood clocks, and will offer them at prices lower than same goods have ever been offered. Prices guaranteed lower than any other house.

P. J. MURPHY,

Successor to Hopper & Murphy.

The Modern Mother.

Has found that her little ones are improved more by the pleasant laxative, Syrup of Figs, when in need of the laxative effect of a gentle remedy, than by any other, and that it is more acceptable to them. Children enjoy it and it benefits them. The true remedy, Syrup of Figs, is manufactured by the California Fig Syrup Co. only.

GOLD HUNTERS' PARADISE.

Rain Lake City, Minn., Enjoying Trials of a Young Mining Camp.

RAIN LAKE CITY, March 16.—Provisions are coming in slowly, and the thousand people here are short of food. The roads began to break early in the week, and had the warm weather continued travel would have been impossible for two weeks, and no provisions could have been obtained. It is snowing again, however, and no further fear is entertained. One hotel has been built, and two more are on the way. Two saloons are running, and three more open this week. Two dance houses will be opened by women next week.

Men continue to pour into the city from all directions, although travel has been impeded by the slushy condition of the roads and the fear of ice melting. A syndicate has been formed to take care of travelers soon as navigation opens, and are getting a number of stages in readiness.

The original discoverer of gold, Jeff Hildreth, predicts that 100,000 men will enter the gold fields this year, of which a considerable number may be expected to stay. State Geologist Winchell is making preparations to continue the survey of the Rainy Lake region, as only a very small part has yet been surveyed.

AMERICAN SUPREMACY

Will Be Cleveland's Policy in the Nicaraguan Affair.

WASHINGTON, March 16.—The administration not only intends to have all the facts about the landing of British marines at Bluefields, Nicaragua, but proposes also to be prepared to prevent any interference with the sovereign rights of Nicaragua over the Mosquito territory. It is learned that a United States man-of-war is now en route to the Nicaraguan coast to look after American interests and to ascertain all facts of the reported British aggression. A vessel, believed to be the San Francisco, has been ordered from the fleet for this purpose.

It is the purpose of the administration to pursue a vigorous policy in this matter. The authorities are fully alive to the importance of American supremacy in all sections of the western hemisphere, and especially in Nicaragua, because of the great canal project.

Testing the Vaccination Law.

TERRE HAUTE, Ind., March 16.—Evidence was heard in the Blue vaccination case. This is the suit that the anti-vaccinationists have brought to test whether the board of health has a right to exclude children from the public schools because they have not been vaccinated. Professor Pickering, a specialist of London, testified for the anti-vaccinationists that vaccination was responsible for many deaths and that it not only did not prevent smallpox, but produced loathsome blood diseases. Other evidence of a similar character was given. The board of health has a formidable array of medical evidence that vaccination is necessary. Much interest attaches.

An Ordinance Declared Legal.

INDIANAPOLIS, March 16.—The city of Indianapolis won its suit against the breweries and agencies in the supreme court yesterday. The controversy was over the payment of \$1,000 license, and the decision of the Marion circuit court was reversed. The ordinance passed by the city was opposed on the assertion that it was a discrimination in favor of the breweries located here, and hindered interstate commerce. In his opinion, Chief Howard says that beer stored in depots or agencies is subject to the laws of the state and subject to the same police regulation as if produced in the state. The question of interstate commerce did not enter into the case.

County Seat War.

PETERSBURG, Ind., March 16.—The citizens of Winslow and vicinity, this county, will attempt to prevent the building of the \$25,000 jail, the contract of which was let by the county commissioner a few days ago. It is claimed by Winslow that the jail should not be built at Petersburg, as the town is not in the center of the county, and should not have the county seat. An injunction suit has been filed in court. All the bitterness of county seat quarrels is manifested. Both sides are determined, and the outcome is looked forward to with much interest.

Talking Tariff.

WASHINGTON, March 16.—The administrative features of the tariff bill occupied the attention of the senate finance committee yesterday. Senator Allison takes exception to the clause granting hearings upon appraisers' valuations, his objection being that such hearings would lead to much confusion and delay in the collections of revenues. There is apparently a tacit understanding that the bill shall be reported as soon as its administrative features are disposed of.

A Peculiar Proclamation.

HARTFORD, March 16.—The proclamation of Governor Morris for the observance of fast day this year has caused much comment because of a sentence which has been inserted and which reads: "O, Jesu Hominum Salvator, with Thy gracious light illumine the minds of Thy children, who, groping in darkness, are unable to see the truth when it is presented to them." Governor Morris' explanation is that the present ages are not observing the anniversary properly.

Smuggled Opium Seized.

CLEVELAND, March 16.—About two weeks ago the customs officials discovered that opium was being smuggled across the river at Detroit from Windsor, Canada. They traced it to Cleveland. Yesterday a raid was made on the Chinese joss-house on Woodland avenue, and the custodian and two other Chinamen arrested. The officers found 21 pounds of contraband opium.

Part of a City Flooded.

BOISE CITY, March 16.—The Cottonwood flume, recently built of stone to carry off the surplus water of Cottonwood creek, broke last night, and the southern part of the city is flooded. A large force of men is at work repairing the damage. The rain continues and snow in the mountains is melting rapidly.

MASON COUNTY TEACHERS.

Programme of the Next Meeting of Their Association to be Held at Dover.

The following is the programme for the next meeting of the Mason County Teachers' Association which will be held at Doverschool house on Saturday, April 7, commencing at 10 o'clock a. m.:

"How to Teach Reading"—H. P. Wilson.
"Method of Teaching Language and Composition"—A. B. Huntington.
"School Government"—Miss Dorsey.
"What do You Mean by Making Teaching a Profession? Give Three Reasons Why so Many Teachers Leave the Profession so Soon."
"School Devices and Appliances for Securing Study and Good Order in School."
"How to Teach Grammar"—J. E. Bradley.
Miss Jennie Leggett.

G. W. BLATTERMAN, County Sup't.

PERSONAL.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

It Removes Dandruff,
Cleans the Scalp,
Restores the
Hair,
Cures Itchiness.
